PROJECTS

Lost and Found Website (Developed in 2022)

- ✧ Built a lost and found website using Python, HTML, CSS, and MySQL Lite.
- ✧ Developed the backend using Python and MySQL Lite for data storage and retrieval.
- ✧ Created a user-friendly frontend interface using HTML and CSS.

EHR(Electronic Health record Management) using Block chain (Developed in 2022)

- ✧ Developed an Electronic Health Record (EHR) Management system utilizing Blockchain technology. Implemented the backend functionality using blockchain frameworks and libraries to ensure secure and immutable storage of health records.
- ✧ Designed and developed a user-friendly frontend interface using HTML, CSS, and JavaScript to facilitate easy access and management of electronic health records.

Disey+ Clone(developed in 2023)

- ✧ Built a Disney clone using React, Tailwind CSS, and Vite. Developed a responsive and interactive user interface using React's component-based architecture.
- ✧ Utilized Tailwind CSS for efficient styling. Employed Vite as the build tool for fast development. Demonstrated proficiency in modern web development technologies.

CERTIFICATIONS

- ✧ Introduction to **Cloud computing**(2020)
- ✧ Introduction to **Block-chain**(2022)
- ✧ Learn React18 (2023)
- ✧ Inter house football tournament(2019)
- ✧ District football Association(2019)

HOBBIES

- ✧ Fitness: I am dedicated to maintaining a healthy lifestyle and regularly engage in activities such as powerlifting and arm wrestling.
- ✧ Playing Football: I am passionate about playing football and actively participate in matches and tournaments.
- ✧ PC Gaming: I enjoy playing a variety of PC games, exploring different genres, and constantly improving my gaming skills.
- ✧ Listening to Podcasts and Music: I find pleasure in listening to podcasts and music, expanding my knowledge and enjoying various genres.
